

31

0

A 32-bit register diagram. The top row shows the bit indices 31 and 0 at the far left and right respectively. Below these are two horizontal black lines. The upper line contains 31 small vertical tick marks, and the lower line contains 32 small vertical tick marks. The entire diagram is enclosed in a thick black rectangular border. The text "value[31:0]" is positioned in the center of the diagram.

value[31:0]
