

31

0

A 32-bit register diagram. The top bit is labeled '31' and the bottom bit is labeled '0'. The middle 31 bits are grouped together with a label 'dfiii\_pi0\_rddata[31:0]' centered below them. The two bottom bits are grouped together. The entire register is represented by a thick black horizontal bar with vertical tick marks at each bit position.

dfiii\_pi0\_rddata[31:0]
