dfii_pi0_wrdata[63:32]

This image shows a 64-bit memory dump visualization. The top row consists of 32 vertical black bars representing bits 31 down to 0 from left to right. The bottom row consists of 32 vertical black bars representing bits 31 down to 0 from right to left. A large white rectangular box highlights the upper 32 bits (bits 31 to 0). The text "dfii_pi0_wrdata[63:32]" is centered within this highlighted area. The bit at index 31 is marked with a '1' above it, and the bit at index 0 is marked with a '0' above it.
